The Fire Department answered a total of 60 calls for the year. Fourteen of these were bell alarms, 48 were chemical calls or still alarms.

Of the bell alarms two were two-alarm fires and 12 were single alarms. Of the chemical calls twenty one were chimney fires, fourteen were forest fires and thirteen were house fires which would have necessitated a bell alarm. We used 188 three-gallon chemicals besides what were used for forest fires. In the bell alarms we made 20,500 feet of hose.

The total fire risk was \$817,750 00

The total loss was. 192,236 00

The total insurance was 532,750 00

In submitting this report of the Fire Department for the year of 1918 perhaps a word of explanation for the large overdraft will be expected by the voters.

At a meeting of some of the citizens and the Board of Selectmen held before the last annual Town Meeting, I, together with the heads of the several departments of the

town, was asked to submit the smallest estimate possible for running expenses for the year of 1918. This estimate was to include upkeep, pay of the men, fires and forest fires, but not to include new hose or apparatus, etc. I submitted an estimate of \$9,585 50. This estimate was based on the expenses of previous years. It allowed \$350 for forest fires; \$1000 for the pay of call firemen; salaries for permanent men, \$5670; house expenses, \$1316; expense of Hulls Cove and Salisbury stations, \$31 50.

When this matter came before the Warrant Committee they chose to raise the amount for forest fires in a separate article and so cut the appropriation to \$9,233 50. When the matter came before the Annual Meeting the \$350 was, through some misunderstanding, again taken out, and they raised \$350 for forest fires and \$8,800 for the Fire Department. Thus the estimate was cut \$350 at the start.

We had two large expensive forest fires during the year. The first, the Robbins fire at Salisbury Cove, coming as it did in a dry season with a high wind, made it necessary to employ a large crew with tools to save the village. That fire cost \$413 54. The fire at the Nutting Mill cost in labor and material \$356 14. Each of these fires cost more than the total appropriation, making a total overdraft on Forest Fires of \$424 08.

We lost 1,100 feet of hose through leaks or splits. This hose had been in service from five to twelve years. 200 feet as lost at the Prescott fire; 350 feet at the Richardson fire; 250 feet at the Bar Harbor House fire; and 350 feet and two nozzels at the New Florence fire. This left but 5,450 feet on hand. I did not think it advisable to continue with such a small amount and with the approval of the Selectmen bought 1,000 feet of new hose and two nozzels. There was no appropriation for this, nor was it included in my estimate. This brought an additional expense of \$1,144.

My estimate of \$1,000 for callmen was based on the previous years. The number of big fires this year including the Fabbri fire, the Bar Harbor House fire and the New Florence fire, raised this amount to \$1,718 99.

The following is the summary of the additional expense caused by large fires:

Overdraft on call men	\$ 718 99
Expense of new hose and nozzels	1,144 00
One fire alarm box at New Florence.	150 00
New rubber coats	99 00
Extra amount of chemicals used at Salisbury Cove.	30 00
Repairing steamer.	52 34
Extra coal for drying hose.	100 00
	\$ 2,194 13
Amount cut from estimate	350 00
	\$ 2,544 13

Respectfully submitted,

ROY HAMOR, Chief.

Balance overdrawn	\$	44. 12

The above account shows an overdraft of \$44.12 but there is an unexpended balance of \$187.11 held by the state which is available for use for State Aid Roads for 1919.

Report of Board of Health

TO THE CITIZENS OF THE TOWN OF BAR HARBOR:

During the past year we have had one case of small-pox, five cases of diphtheria, one suspected case, eighty-two cases of measles and 491 cases of influenza reported to this office, and undoubtedly a number of unreported cases.

There have been 286 complaints of nuisances received, investigated and adjusted.

During the year the Board, to stimulate pork production and to assist in the relief of the shortage of food, permitted the keeping of pigs, in a sanitary condition, anywhere in town, under supervision of this board, which resulted in a large increase in the production of pork.

During the October and November epidemic of influenza the expenses of the Board were borne largely by the United States Navy Department. The epidemic has not been nearly as virulent in this town as in many others. While we have had many cases and numerous deaths from pneumonia following the influenza, the percentage of deaths to the number of cases has been smaller than in nearly all towns of equal size.

Respectfully submitted,

W. P. WADLEIGH, Secretary.

R. E. STANLEY, Chairman.

W. L. BIRD.

Report of Building Inspector

Following is a list of permits issued during the last year by the Building Inspector:

H. D. Lear, shop . . .	\$ 300.00
A. E. Lawrence Co., radio station	7,500.00
R. L. White, Tilton garage	1,300.00
E. R. Cough, store . . .	700.00
F. L. Savage, Fabbri cottage	75,000.00
A. E. Lawrence Co., grand stand Morrell Park	1,500.00
E. C. Webb, Dunbar block	5,000.00
Frank Hamor, bungalow . . .	1,500.00
E. K. Whitaker, Butterfield block	8,000.00
E. K. Whitaker, government barracks	85,000.00
	\$185,800.00

Respectfully submitted,

ORIENT E. BREWER.

Report of Auditor

I have carefully examined the accounts of the Town Officers and found them correct and the correct amount of cash on hand to balance the Treasurer's account.

FRED L. HADLEY.

Report of Town Clerk

Vital Statistics

Births recorded in 1918	74
Births recorded in 1917	74
Marriages recorded in 1918	61
Marriages recorded in 1917	60
Increase in marriages	1
Deaths recorded in 1918	86
Deaths recorded in 1917	60
Increase in deaths	26

Seven of the deaths were of infants less than one year old.

Four were between 1 and 10 years old.

Five were between 10 and 20 years .

Seventeen were between 20 and 30 years.

Thirteen were between 30 and 40 years.

Seven were between 40 and 50 years.

Nine were between 50 and 60 years.

Thirteen were between 60 and 70 years.

Seven were between 70 and 80 years.

Four were between 80 and 90 years.

Causes of Death

Pneumonia in various forms	30
Cancer	5
Artero Sclerosis	1
Influenza	4
Paralysis	3
Fracture of skull	2
Heart disease in various forms	4
Diphtheria	1
